COMING SOON

Since 1868, this iconic location has been revered for being an urban cultural center, celebrating the local neighborhood and the arts. Having recently acquired the property, Landmark is reintroducing the property with their signature brand of hospitality, the “Colorful Side of Luxury,” to the vibrant downtown area as The Albion Summit.

Guestrooms and suites will be redesigned to convey a tasteful British Rock atmosphere with carefully selected pop art and street-art adornments.

Focused on providing a place for community and connection, The Albion Summit will offer a selection of elevated food and beverage outlets guaranteed to delight guests and locals alike.

Felina Restaurant, a Landmark classic, will be found on the ground floor. An open kitchen with separate working levels will boast five impressive arched pizza ovens and fireplaces that blend perfectly into the restaurant's brick-arched ceilings.

Stork Club Lounge, a modern-day version of the famed Manhattan Stork Club, will welcome guests into its warm, dimly lit ambiance and its outdoor garden area. Combining classic ingredients of timeless luxury and elegance, the Stork Club is reminiscent of when “café society” and a well-made cocktail were the standards for a night out.

Our first event space, opening Summer 2024, is where old-world charm meets a distinctive modern edge, a combination of elegance and non-traditional luxury. This unique untraditional event space will boast a two-story double sided fireplace, 8 antique brass geometric custom chandeliers, and an open-kitchen cocktail hour space.
